

Generation's School

... a happy place to learn

Dear Parents & Students,
Assalamu alaikum,

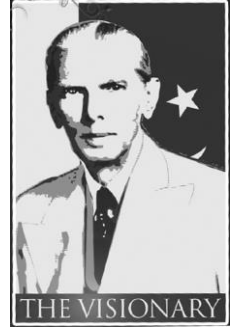

Independence Day 2020

As we embark on our 31st session, let us reflect on our own practices and continue with ardent efforts, to make this journey to excellence a success. Independence and freedom are the special blessings of Allah (swt), and as a nation, we should realize and appreciate their true value. How can we ever thank Allah Almighty, for giving us a separate homeland where we can lead our lives according to our values and true spirit of Islam.

Please note that Generation's School will commemorate the **73rd Anniversary of Independence Day** of our beloved homeland – **the Islamic Republic of Pakistan**, on **Friday, August 14** insha'allah. Students will have special morning assemblies in their Google Classrooms and are required to be in **National Dress**. Timings will be shared in grade assemblies.

Students of Today are the Leaders of Tomorrow

"It is rather a difficult task for any man to convince the youth because the youth is a mixture of so many elements full of dreams, sure of everything, he is a mixture of so many elements and so contradictory that to convert him is the most difficult of all the problems. This is the greatest tribute you pay to me... Well, dream your dreams, have your visions, indulge in what elderly people call folly. It is by indulging in follies that we learn wisdom. If I have converted your irresponsibility into seriousness, more than half the battle is won.... 'The students of today are the leaders of tomorrow' ...if you will abandon irresponsibility and take to seriousness, then you can bring the senile, who are not following the right course, to the right course."

Reply to an address of Muslim Students Federation, Gaya and Bihar– January 01, 1938

Our national poet and reformer, Dr. Allama Muhammad Iqbal described leadership as:

سبق پھر بڑھ صداقت کا، عدالت کا، شجاعت کا
لیا جائے گا تجھ سے کام دنیا کی امامت کا
(اقبال)

Let's display our true Generation's spirit as a thinking institution by transforming our own life and hence that of the community. Let's encourage every child to be proactive and take charge. Let's help our youth realize their God-gifted potentials towards serving and success.

May Allah bless us all. May Allah bless Pakistan!

Pakistan Zindabad!
