

Assessment Guidelines for Admission to Grade VIII

1) The child should be able to:

- Read** unabridged novels, short stories and plays with comprehension.
- Understand** and **speak** English confidently and fluently.
- Read** and **comprehend** unseen passages.
- Write** an essay with accuracy of language, effective vocabulary and varied sentence structure, of about 200 – 250 words, in **(English and Urdu)**, on a given topic.

2) Work out:

- Whole numbers.
- Real numbers.
- Basic Algebra and Linear Equations.
- Volume and Surface Area (Cubes and Cuboids).
- Basic Geometrical concepts (Line, Angles, Supplementary angles, Complementary angles).
- Angles
- Factors and Multiples.
- Area and Perimeter of Simple Geometrical shapes.
- Percentages

Note: It is important that the child comes for the test on time and carries complete stationery (Pen, pencil, erasers, etc.) as well as geometrical instruments (a pair of compasses, protractor).
