## **SAFER GENERATION'S. SAFER PAKISTAN**

Get yourself & your children vaccinated.  
Vaccination can reduce the chances of serious  
illness and long-term complications from a  
Covid-19 infection.

# Onwards & upwards!

*Unless you're continually improving your skills, you're quickly becoming irrelevant.*

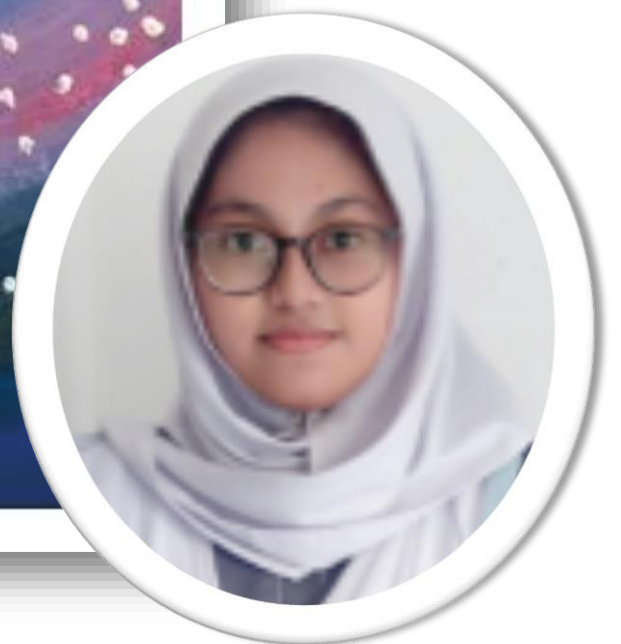

Continuing professional development is at the heart of Generation's School. We undertook Leader in Me Level 1 training in 2019 and are happy to report that the staff received training for Level 3 in December 2022.

inMe

# Change Starts With Me

Marium Iqbal of A Level won the **First Prize** in the Leader in Me New Year Card Competition. Her artwork was among the 3000 entries by young artists from 111 different schools and colleges. Marium was declared the Leader of Transition due to her depiction of the theme "Change Starts With Me." Well Done, Marium!

# Starters' Sports Olympiad!

*Joy, wonder and a lot of excitement!*

The Sports Olympiad for Kindergarten, Grades I & II were a fine display of skills, empowering every child to unleash their inner champion...

The Sports Olympiads were filled with fun and excitement and were undoubtedly a memorable experience for all those involved.

The young athletes can be proud of their achievements, and they can carry these memories with them as they continue to grow and develop.

# Joys of Childhood

Imagination takes flight as our tiniest learners unleash their boundless energy in a whirlwind of free play! Watch as our pre-nursery tots jump, hop, and explore their world in their own unique way, nurturing their creativity and sparking their imagination.

# Read for a Cause!

*Dream Big!*

The IQRA Book Week extended activity: Read for a Cause aimed to help children in hospitals by having Generians pledge an amount for each page read...

Aligned with the Indus Tarbiyat Programme, Dr Bari inspired students to dream big and serve humanity. Students from the Junior Section: Grades III to VI raised PKR 505,000 to support childhood cancer patients.

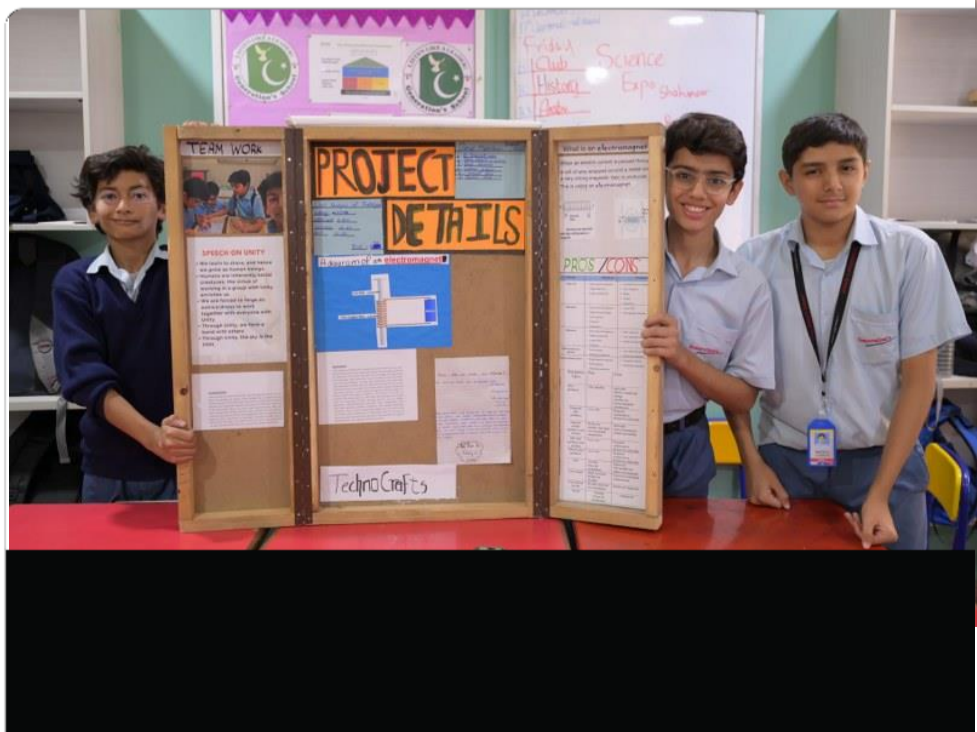

# Bringing Science to Life!

The Middle Section Science Expo from the platform of Gen-Sci-Tech and Terra Veta Clubs demonstrated the transformative power of science education and the importance of fostering scientific literacy in young learners.

With a diverse range of exhibits, from models of the human body to cutting-edge research on global warming and carbon emissions, the Expo showcased the vast array of fascinating & important topics that science encompasses. The hands-on, interactive nature of the event made learning fun, piqued the students'

# Poetry Triumph

The Iqbal Society's mission is to inspire healthy competition among students and to encourage active participation in meaningful activities.

Recently, students from Syed House, Jinnah House, and Iqbal House took part in a thrilling poetry competition hosted by the Society. With four rounds full of creative expression, four talented students rose to the top and were recognized for their first, second, and third-place performances.

# Young Leaders' Summit at LUMS

Over the past few years, Young Leaders' Entrepreneurial Summit (YLES), an event by Lahore University Management Sciences, Lahore (LUMS) has strengthened its position as one of the biggest entrepreneurial events in Asia. Students from all over the world are brought together in a conducive environment that allows them to blossom and truly fulfil their potential. The event allows them to network excessively with each other and even leading industry experts and equips them with the necessary skills required for a successful entrepreneurial journey. 45 students from Generation's Senior Section participated in this event held in Lahore in December 2022.

# Generian Teams Excel!

The Lab School hosted a thrilling interschool competition, Robotron 1.0, where teams of students from Grades IV, VI, and VIII put their robotics and programming skills to the test. With challenges ranging from Rescue Mission to Speed Coding, Robosumo to Line Following Robots, the competition was a showcase of innovation and problem-solving.

Grade VIII secured a well-deserved 3rd place in the Rescue Mission, while the Grade IV team was a runner-up in the Speed Coding challenge. The students coded a platformer game using Scratch software and navigated their robots through obstacles to pick up & drop aid in the final round. A thrilling experience for all!

## Being Resilient

The world is fraught with many challenges. Thus, each moment is a blessing and an opportunity to reflect and improve habits, actions, and choices, and ultimately, improve the outcomes. Make du'aa and let's continue to be resilient in the face of adversity. Insha'allah!
