GENERATION'S

Independence Day
@ Generation's

We Asked The Principal

Leadership, resilience & purpose, how do these come together for Generation's this year?

And She Said...

This year's theme is a reflective call for our students to discover the strengths Allah has blessed them with and to learn to lead with those gifts. At Generation's, we believe leadership is not about position but about responsibility, resilience, and character.

Alongside this, through stories of sacrifice and creation, we remind our children of the values that shaped our homeland and inspire them to contribute to its brighter future. With faith, discipline, and optimism, we aim to raise leaders who will succeed in this world and in the Hereafter, insha'Allah.

#GreatStoriesBeginHere

Introducing

THE SCHOOL ANNUAL THEME

This year's theme, "The Leader in Me?"
is a reflective journey for our students
to discover themselves and nurture their talents...
learning to lead with their unique strengths.

🔍 DAY 01, AT GEN COLLEGE!

Counselling Orientations

Our Shaheens stepped in with counselling sessions that sparked clarity, real talk, and purposeful next steps. Beyond timelines and pathways, it was about vision, courage, and choices shaping the future.

“Introducing the Shaheens Pulse

Stay tuned for the heartbeat of our college community!

Something new is taking flight at Gen College... a newsletter crafted just for our Shaheens. Packed with stories, moments, and milestones that define college life, Shaheens Pulse will soon be in your hands.

College Resumes!

With students stepping into a new chapter of exploration and embracing their final year of reflection and responsibility, this journey is all about growth, vision, and purposeful progress.

- 45 students achieved 2 A Stars!

BRIDGING GAPS IN LEARNING

XI-C united for an inspiring cause when Sir Asim introduced The Citizens Foundation (TCF), an organization focused on providing quality education to underprivileged children, receiving an immediate positive response.

Umaima Aamir led the initiative by placing a donation box in class, prompting generous contributions from students. This act exemplifies leadership and fosters hope, helping to build brighter futures one student at a time.

ROAD TO SELECTION *Throwball Trials*

Students showcased skill and spirit, with top players selected for the Training Camp.

GRADE III *Open Day*

Day one, and the leader within is already shining bright!

Stepping into the South Campus for the first time, Grade III students began their new journey with excitement, bonding activities, and a guided tour of their classrooms, gym, auditorium, and atrium. Smiles, laughter, and class photos made the day truly memorable.

The day not only fostered connections between students, families, and the school community but also set the stage for nurturing confidence, responsibility, and growth - values at the heart of The Leader in Me.

J U N I O R S

FROM STORIES TO INSPIRATION

The moment was pure delight - Grade I students exploring the school magazine with wide eyes and endless curiosity. Each page they turned brought giggles, admiration, and sparks of imagination.

For them, it wasn't just words and pictures; it was an adventure waiting to unfold, where stories felt alive and creativity had no limits.

S T A R T E R S

BUILDING A WEB OF *Friendships*

To start the new academic session on a lively note, Grade II students took part in the Yarn Ball Activity.

As the yarn rolled from hand to hand, students shared about themselves while weaving a colorful

web across the classroom. What started as a simple game quickly became a symbol of teamwork, laughter, and many friendships waiting to grow this year.

WORLD ROBOT OLYMPIAD

Generians took center stage at the World Robot Olympiad '25, held on August 30, at NASTP.

Four teams represented the school across two categories, with one team earning the title of Regional Winner in the Robo Mission, Senior Category.

Months of dedication, late nights of coding, rigorous test runs, and a drive for excellence, led to this milestone. Their achievement stands as a testament to perseverance and vision, inspiring the Generation's community to pursue innovation and leadership with purpose.

#PakistanZindabad

Independence Day at Generation's

The day began with green and white everywhere, as Generation's stood tall to celebrate Pakistan's 79th Independence Day.

The flag rose high, and with it, voices carried the National Anthem across the campus, strong and unshaken.

Students brought the spirit of azaadi alive with powerful role plays, moving speeches, and anthems that spoke straight to the heart. Every clap, every word, every note echoed with the sacrifices that gave us freedom and the hope we carry for tomorrow.

Flags waved, hearts raced, and a sense of belonging tied everyone together - students, teachers, and staff standing together as one qaum. The day wasn't just about celebration; it was about remembering who we are, where we come from, and the responsibility we share to take Pakistan forward.

Pakistan Zindabad - always and forever!

Dilse...Pakistan Zindabad!

WELCOMING PARENTS TO GENERATION'S

At Generation's, each academic year starts with collaboration and renewal through Orientations for parents. Led by the Founding Principal Dr. Ghazala Siddiqui and the teams from academic management, these sessions emphasized her vision of education as a journey of self-discovery and growth. Parents learned about academic goals, co-curricular opportunities, and this year's theme: "The Leader in Me?"

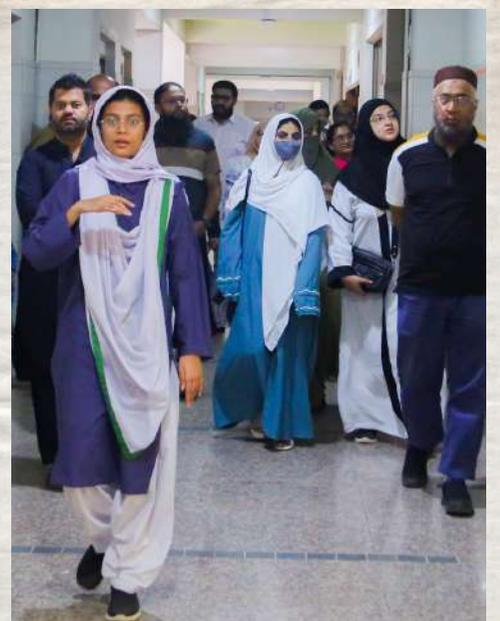

Together, we examined the collaboration between home and school to foster confident and responsible learners. Orientations from Pre-nursery to Senior Section provided insights into routines, policies, and challenges in upbringing. Through various activities, including classroom walk-throughs and student-led tours, parents engaged with the Generation's community, starting the year with trust and shared purpose.
